

## Residents Asked To Conform With Sanitary Codes

### Sanitary Board Advises Against Garbage Scattering

The garbage removal problem which has been a quiet issue for the past several weeks, flared up again Tuesday night at the meeting of the Truckee Sanitary Board and as a result, drastic action to curb violations is promised.

Paul Rausch, operator of the disposal plant, appeared before the board and charged that his accounts are not being paid and asked the board for advice. It was suggested that he make every effort personally to collect the amounts due him and then present his claims to the board for legal action.

At the same time, the board issued a warning to residents who are throwing garbage over snow banks and fences to stop the practice or face arrest. Joe Mattos, board clerk, said that ordinances are designed to correct this situation and that the terms will be enforced.

Ordinances, he said, also provide for payment for service to the collector.

Routine business occupied the board Tuesday at Mattos' store. All members were present, with Dave Rose presiding.

### JOHNNY'S MEAT MARKET TO OPEN AT LOCAL STORE

Johnny's Meat Market is scheduled to open early next week in the Truckee Mercantile store.

The operator of Truckee's newest enterprise is John Gracik, for the past three years associated with Rose Brothers Market here, being in charge of the meat department. Gracik is well known throughout the region, which he first visited in 1942 when stationed at Hobart Mills with the army air force. He returned Truckee in 1945, was married to the former Ida Stewart and the two have since made this their residence, owning their own home at Gateway Park. They have two daughters.

Gracik has had years of experience in the meat business and was a mess sergeant during his nearly five years in the service.

The new market is located in the rear of the mercantile store and a large storage room, counters and other essentials are being built or installed. The owner invites inspection and extends an invitation to his many friends to drop in.

Joseph Carter, for 22 years in the meat market business, but more recently employed at the Union station here, has been employed by Dave Rose to replace Gracik at his market in Gateway Shopping Center. Carter has lived here for the past two years and the family resides near Donner Lake.

### DAMAGE SUIT FOR \$100,000 SETTLED

The \$100,000 damage suit against the Southern Pacific Company as the result of the death of Fidel Santoyo, killed in train accident on Donner Summit, was ended suddenly last week when the attorneys announced they had reached an agreement and that the estate would receive \$13,000.

Both attorneys expressed their thanks to the court and jury for their time and fairness and the same courtesy was extended to the jury by Judge James Snell before whom the case was being heard.

Up to the time of settlement Thursday, both attorneys for the defendant company and the plaintiffs had fought vigorously for every legal advantage and both voiced their appreciation over the rulings of the court.

### Committee Busy On Preparations For Fish Session

#### Date Changed for Meet Of Interim Group In Truckee

Preparations are going forward for the dinner meeting, expected to attract between 200 and 300 people to the Tahoe-Truckee high school Wednesday, May 21, when the state senate interim committee on fish and game will review local problems.

The meeting was originally set for May 22 but a letter from Senator Harold T. Johnson this week announces the tentative agenda for the three-day field trip by the committee and fixed the new date.

This date will correspond with plans by local groups arranging for the reception. Reginald Smart, president of the chamber of commerce, and E. V. O'Rourke, chairman of the Lions Club committee on arrangements, said every organization in this area will be invited to attend the dinner meeting at 7 p.m. O'Rourke said he would personally visit each group to extend the invitation.

Seth Gordon, director of the department of fish and game, has been asked to attend and George Defant, consultant for the senate interim committee, will be present, as well as Senators Charles Brown, George J. Hatfield, Ed C. Johnson, Burt W. Bursch, Harold T. Johnson and chairman Howard Williams.

Guests at the meeting were Sheriff Wayne Brown of Nevada City; Bill Flanagan, government engineer; Bob Barnett, state engineer; Mr. and Mrs. Robert Briggs, Tahoe City; Miss Thelma Finger and Ernest Douglas, Truckee.

### BASEBALL TEAM TO WORKOUT SUNDAY

Johnny Rau reports that another workout by the American Legion sponsored baseball team will be held on the Verdi diamond next Sunday. Those interested in working out should meet at the post office here by 11 a.m., with or for transportation.

Despite the fact that several players thought the Verdi diamond would be snow or water covered and failed to appear, ten did show and a "pretty good" workout was held last Sunday, Rau said. The Verdi diamond is in fair shape and, with the season opener two weeks away, Rau urged all potential players to be on hand to work out.

### Purchase of Local Resort is Announced

### Sun Beams

by Walter M. Barrett

Registration for the June 3 primary election in California will close April 10. That fact will be repeated many times in the next seven days. Hardly anyone will escape the information. But how many will register, and after that, how many will actually vote? The answer is, unfortunately, not nearly as many as should. It's up to the individuals eligible to vote, to decide whether they will bother to take part in the election of those who govern them and make the laws. One would think that with citizens having so many gripes about taxes, abuses of government powers and the like, that the registration and voting would be close to 100 per cent. But too many could-be voters have a "weather" complex—they like to talk about what's wrong in government but they never DO anything about it. Anyway, we repeat, you have until April 10 to register. And if you wish to vote, you must register if you have reached 21 years of age since the last election, or have changed your name, or have changed your residence or did not vote in the 1950 elections. Remember the date—April 10—and remember your responsibility as a citizen.

### EARL SMITH IS HONORMAN FOR HIS NAVY UNIT

Mr. and Mrs. Earl B. Smith have received a letter from Captain T. H. Copeman, commanding officer at the naval training station at San Diego, advising them that their son, Earl, has been selected as honorman for his company.

The letter explains that the honorman is chosen from five candidates whose outstanding work in recruit training has been recognized by the company commander. Factors in the selection are leadership, sportsmanship, military bearing, initiative, response to orders, cleanliness, a good shipmate and an outstanding individual in phases on recruit training.

"I know you must feel a justifiable pride in your son's achievement and I wish to extend to you my personal congratulations. Your son has proven that he has all the qualities of a good citizen and is a credit to the navy and his country," Captain Copeman wrote.

Smith was raised here, graduated from the Truckee high school and latter attended University of Nevada. At the time of his recent enlistment he was employed by the Mountain-Rotary Fuel Company.

### Eagles Auxiliary Will Install on Monday

Installation of officers for the F. O. E. Auxiliary will be held Monday, April 7, at 8 p.m. in the Odd Fellows Hall. A party will be given following the ceremony. All members are urged to attend.

A page in the May issue of Mrs. Eagle, national magazine, will be devoted to local members and the snow ambulance they sponsored. The group has been given publicity on the project in newspapers also, according to Mrs. Hugh Weinand.

The first anniversary of the organization was observed at a St. Patrick's party March 17 in the Sierra Tavern. A delicious buffet was served the members and their guests.

### Judge Snell Here, Commends Officers

Judge and Mrs. James Snell were visiting here briefly Tuesday from Nevada City.

Judge Snell, who is a candidate to succeed himself on the Nevada County Superior Court bench and who has four years to serve before he is eligible for retirement, talked briefly on juvenile delinquency. He expressed pleasure at the apparent good conduct of the youths in this community and praised local parents and officers highly for their part in maintaining this condition.

Mr. and Mrs. A. L. Davidson of Roseville are temporarily living at their local home while the former is working here for Southern Pacific.

### Delay Opening Of Hospital As Work Continues

#### New Opening Date Set By Board For Monday

Unexpected delays caused postponement of the Tahoe Forest Hospital opening, scheduled for April 1, but C. R. Heller, board president, said today that all would be in readiness not later than Monday morning and the opening might be possible by Friday or Saturday.

The storms two weeks ago delayed the fire marshal's inspection and as a result, the license was delayed. Heller also pointed out that a few last minute details, which should have been completed earlier, were not completed until this week.

Philip Shaw, the administrator, said he did not encourage opening as scheduled because of a number of things, such as a final thorough cleaning and minor preparations for any case or cases which might come up.

Windows cracked by snow shoveling are being replaced and electricians and other craftsmen are winding up other replacements so that when the hospital opens, it will be ready for occupancy and not encumbered by unfinished details.

### ALL CANDIDATES NOW LISTED FOR JUNE 3 PRIMARY

All candidates who had taken out nomination papers in order to have their names appear on the Nevada County election ballot June 3 completed their papers and returned them to County Clerk R. E. Deebie by the deadline Saturday at noon.

### RED CROSS DRIVE BEING CONTINUED

Mrs. F. W. Wilson reported on Wednesday that Red Cross volunteers are continuing to canvass for funds and to date approximately \$300 has been turned in. The 1952 goal was set at \$600.

Mrs. Wilson will be at the local justice court Saturday morning in an effort to wind up the drive.

### FATHER OF LOCAL PEOPLE SUCCUMBS

Dr. Horne, a native of Los Angeles, was a member of the Masonic Lodge, Neighbors of Woodcraft, Esperanto Association and the Alameda-Contra Costa Medical Association.

Beside the local people, others surviving are his sons, Donald of Oakland and Richard of Berkeley, daughters, Mrs. Dorothy McClenaghan of Berkeley and Winifred of Los Altos; a sister, Mrs. Nellie Drolette of San Anselmo; and six grandchildren.

## Work Proceeds On Sewer Plan For Tahoe City

### Project May Be Ready By Fall Under Proposal

TAHOE CITY—C. W. Vernon, president of the Tahoe City Public Utility District, and Norman Mayfield, treasurer, attended a meeting at Auburn last Friday in the offices of Attorneys T. L. Chamberlain, Paul Chamberlain and F. L. Sinclair, who represent the TCPPUD, which is seeking state assistance in installing a sewage system in the Tahoe City area.

The attorneys reported on their meeting March 6 with members of the state water pollution board in San Francisco, at which they presented the application of the local district for money from state funds to help finance the sewage system here. At the conclusion of the meeting, the attorneys reported the state agreed to purchase \$29,000 in assessment bonds but insisted on including the unsecured as well as the secured tax roll. They explained that by including the unsecured roll, the district could issue \$97,000 worth of general obligation bonds, thereby providing the \$126,000 required for initial installations.

Various resolutions were passed by the attorneys and the district officials, bringing the entire matter up to date. One resolution was an agreement by the attorneys to take immediate steps to prepare for a special election here, which could be held by the latter part of May.

The district includes the area extending as far as the Truckee River concrete bridge on the south, back along the rear of the golf links in the Fairway tract and to the homes in the Bittencourt tract and thence north to the edge of town, to and including the Tahoe Campground state park.

While the system would serve at once the businesses and homes along the main thoroughfare, Front Street, residents on Fairway Drive would not receive service until a later date when more funds would become available.

The Placer County board of health has warned that unless some provision is made to correct existing conditions, drastic and individual action would have to be taken wherever the nuisance occurred.

Work on the project could be started as soon as the ground was in suitable condition and the contracts were let, with completion believed possible by fall. The processing plant would be located near the highway, just beyond the Tahoe City wye west of town and the effluent would be pumped to the hillside nearby, via sprinkler system in summer and underground trenches in winter.

Comstock has since released a telegram urging action to prevent high water damage at Tahoe and along the Truckee River watershed.

Squaw Valley held the FWSA sanctioned 5th district class C championships today (Sunday), as well as events in A and B classes. Tahoeites who placed in the running included Bamse Woronovsky, Squaw Valley Ski Club, first in A;

Jim Baker, Lake Tahoe Ski Club, 2nd in A; Dick Carnell, LTSC, 2nd in C; Rusty Frodenberg, 4th in C. Have received a letter from Dave Chambers, reported ill in a Santa Barbara hospital. Dave says he is still in Cottage Hospital there and has been a patient since last November. However, he is anxious to let his friends know that he plans to return to Chambers' Lodge as usual this season, as soon as the heavy snow clears away enough to permit the necessary work that will have to be done to get the lodge open around June 1. His wife, Phila, is well and comes to call every afternoon. Both the Chambers join in sending kindest regards to their many friends in this region who have felt deep concern for the health of both.

Seventeen members of the Women's Club of Tahoe met in community hall last Thursday after-

noon. Mrs. Blanche Donaldson presiding. Canasta, refreshments and a social afternoon were enjoyed. Mesdames Anne Martin and Howard Guth will be hostesses at the club's next meeting in the community hall on April 17.

Mr. and Mrs. Howard Guth and Mr. and Mrs. James Martin were among those taking advantage of good weather and roads last week, motoring to Reno for show, dinner and a bit of business. The Wes Donaldsons were Reno visitors on Monday.

Mrs. Jack Dunne has been serving as substitute teacher for the kindergarten and first grade while Miss Geraldine Bean has been absent due to illness. Miss Bean returned to classes Monday.

Mr. and Mrs. William Conger are among those who have taken advantage of bad weather and poor business and took a month's vacation. Others reported vacationing in southern California, at Venice, are Mr. and Mrs. E. H. Pomoin of Tahoe Park and Miss Ida Pomoin of Tahoe City. Mr. and Mrs. Denis Sach of Pineland have returned from a week's visit in the bay area. Latest word from Denis Sach Jr. is that he has been promoted from corporal to sergeant. He is stationed at Newfoundland.

Summer residents Mr. and Mrs. Nick Zauner of Lodi were recent visitors at the lake, spending several days here and in Reno. arnfakeCMR-athtscst.18TJwIEw-w Nell Day, former Tahoe resident, is visiting from Iowa and enjoying the unusually heavy snow the Tahoe area is wearing.

Mr. and Mrs. Norman Mayfield are expected back to their Tahoe City home around the first week in April, following several months vacation. Mayfield returned as far as Auburn last Friday to consult with attorneys representing the Tahoe City Public Utility District in the proposed new sewage disposal system here.

Mrs. Fern Schlueter of Tahoe Park accompanied Mr. and Mrs. Jack Bowers of Carnelian Bay to the lake last Saturday, all making the trip to check on their Tahoe homes. Fern found hers with a snowbank of about 20 feet in front of her house and the snow up level with the eaves. She was shocked to see the actual depth of the snow and while she found minor damage to her home, it is believed no serious destruction will be discovered when the snow has disappeared. They returned to the bay region Monday.

There is some fear that grave damage has been done numerous homes in the Lake Tahoe area. While most houses may not collapse, damage will be so great to many that extensive repairs will have to be done before they may again be occupied. Not until the heavy snow has settled more will

an accurate survey be possible.

Mr. and Mrs. Imon D. Mitchell of Sunnyside and son Dale left Tahoe City Sunday for Alhambra, where they join Mrs. Mitchell's uncle and aunt, Mr. and Mrs. G. W. Welch, for a vacation in Mexico. They plan to return around April 15.

Mr. and Mrs. Dick Leuschner Sr. of Merced were weekend guests at Tahoe Inn, attending the Squaw Valley ski meet Sunday. Saturday night, with son-in-law and daughter, Mr. and Mrs. James Baker of Tahoe City, were dinner guests of Mr. and Mrs. Charles Cross at Calvada Lodge.

Mr. and Mrs. James Baker and Mrs. Eleanor Swanson were guests at a dinner party Friday evening at the Charles Swanson home, the occasion being Baker's birthday.

Guests at Town and Country on the west shore of the lake are Col. and Mrs. W. A. Potter and son, Bill, of Letterman Hospital in San Francisco; Mr. and Mrs. Max Weyer, Richmond; Mr. and Mrs. Earl Hotelling and Mr. and Mrs. W. H. Sheehan, Oakland, and Mr. and Mrs. H. G. Leuzinger, San Francisco.

Mrs. Mary Lewis has arrived from Detroit to visit for several weeks with her sons, Joby and Fathel Lewis of Crystal Bay.

The Tahoe City Volunteer Fire Department, headed by Chief Al Henry Jr., Monday afternoon responded when the fire alarm sounded after the old barn on the property of Tahoe Inn, about half a block back of the King Building, was discovered to be on fire. The entire crew and tanker were quickly on the job and damage was confined to the roof with negligible loss. Great praise is due members of the department, who are a real credit to their town.

A cheery adios to all, as ever, Swane.

From where I sit... by Joe Marsh

### Might As Well "Get In Key"

Last Tuesday Judge Cunningham wanted to go fishing. "Why aren't you working?" I asked.

Judge explained how his wife had gone on a trip, taken his keys by mistake—and now he couldn't get in the office. So we went fishing.

Next day, he wanted me to go again. I was surprised those keys hadn't shown up yet. "The little woman phoned to say she mailed them," the Judge explained. "They're now in the office, under the mail slot. I'd get 'em if I could just open that door." He grinned and picked up his fishing rod.

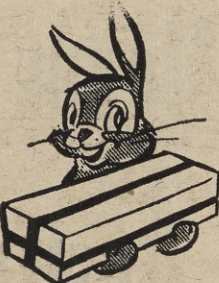

"Great little woman, the wife. You can always count on her. Let's go!"

From where I sit, we can use tolerance like the Judge shows for his wife's absent-mindedness... and she shows for his habit of lighting out for the fishing hole at every opportunity. He can't see why she likes tea, and she doesn't share his taste for a glass of beer. But they get along fine! Learning to respect other people's ways will "open the door" to happier living.

## NORTH TAHOE

by THELMA BURROUGHS

A nice letter from Mrs. C. C. Rapier tells us that they, along with the Gilbert Ballard family, will be ready to leave Fullerton, Calif., where they have wintered from their homes in Tahoe Vista.

Latest report on continued snow damage is that on Sunday the E. E. Frost home was cracking. Frost, who is wintering at Fontana, was notified immediately by wire after efforts of Richard Lavery to contact him by phone had failed.

Jerry Cornell, new owner of Sportsman's Port at Tahoe Vista, has been up for the past week to help his manager, Chuck Wollner, get the place ready for fishing season.

The North Tahoe Woman's Club voted at its March 27 meeting to incorporate and affiliate with the Council of North Tahoe Organizations.

The Woman's Society of Christian Service sponsored a box social at the old Stop and Shop building in Kings Beach last Friday night.

Mrs. Glunt, who was in charge, reports the affair a huge success. Bidding ran high on box lunches. Entertainment included an amateur hour featuring a male quartet composed of four local songsters billed as Vercoe, Charrison, Glunt and Harriet. Then there was a ladies quartet featuring Mrs. Kay Felte, Joy Plunkett, Vera Mosier and Mrs. Davis. Gwen and Ken Misner did a nice little dance without music too.

There were other offerings by those present that finished out a delightful evening. The ladies wish to thank Mr. and Mrs. Wm. Misner for the use of their building and other favor, and to thank all others who contributed in any way whatsoever to the success of this affair.

Do you know that Dave Hall of Kings Beach had been in the Washoe hospital in Reno for two weeks before I knew anything at all about it? Saw Mrs. Hall at the woman's club and she said Dave received a back injury at the Tahoe snow plow barn and has been hospitalized all this time.

Roy Porath of Kings Beach has been off on another weekend jaunt

to see his son down San Francisco way.

Mel and Carmel Throop have been visiting friends and relatives here and there for a week or so before Mel takes over that new job of managing the North Shore Hardware in Kings Beach. Mel has resigned his job with unified school district.

Mike and Ginny Kornazewich have returned from their latest trip to the bay area.

Fred and Frances Rockholm were seen saying hello to a lot of their friends over here last weekend. Still too much snow for them to stay, even though the robins are back to stay.

Harvey Martin is still confined to Washoe hospital following a spinal injury received some time ago while working at Yerington

Nevada.

A letter received from Mrs. Anna Blau recently expressed a desire to get back home as soon as possible. Says the weather has been foul in southern California this winter and a little snow will be welcome.

Oleons of aho are seen about their place of business these days, taking down shutters, putting up signs and making ready for an early business season.

Preston M. Burroughs and A. E. Abbott attended the legislative session of the California State Chamber of Commerce in Sacramento Thursday last, during which road problems and other questions were aired.

Remember Fred Perley, former Lake Tahoe Chamber of Commerce manager? Well, he was a guest

of Eugene Jarvis last weekend and says he'd like to come back to live at Tahoe.

Louise Anderson returned to Tahoe Vista Saturday after a six-weeks tour which took her through 25 states. She was lucky to have missed rough weather wherever she went, encountering only a little rain and a few snow showers.

by FRAN COUILLARD

An Easter Week Carnival for the hill folk and guests is being planned by the Donner area operators, so evidently spring has

gotten in its subtle work at that! Pre-Easter Monday is to be celebrated by, of all things, a treasure hunt in the snow! What the rest of the celebrations are going to be, we know not. Thing a movie will be shown at one of the places. Then, Elmo Moriano, in lieu of his celebrated annual costume

party, comes out this year with an Easter Eve Bonnet Party. The doorman at Beacon Hill Lodge on this occasion will not allow admittance without a head concoction of some sort, so find yourself some baby chickens or a little Easter bunny and see what you can do to rig yourself a headpiece. We remember one novel hat made from a champagne glass attached to a canape plate which was tied underneath a fetching chin. Olives, pickles and bits of cheese were added to this, which afforded guests pleasing tidbits for the evening. Think Madlyn Walton gave an Easter hat party once and the mountain folk who attended that one (for ladies only) can dig up some ideas if they remember the occasion. Think Elsie Olson won first prize with a live chick display atop her upswept hairdo. I reiterate, you can't get in for an evening of fun and super buffet on the 12th without headgear indicative of the occasion for which it is planned.

Last Saturday night on this mountain was a wing dinger. Soda Springs Hotel started out early Saturday afternoon with community singing led by Ray Downey at the organ. Later we transferred to Jack Woodard's Ski Ranch where we heard an orchestra was a hand. Sure 'nuff. A four-piecer that really set the place on fire! Evidently everyone else heard of it too, for standing room was at a premium. Beacon Hill, Chantarella and Donner Summit Lodges batted down the ringing rafters also and beaming operators confessed to having one of their best weekends of the year.

Applications continue to come in for the Donner Trail Memorial Race and plans for the pre-race 50 cents party on the 16th progress with gusto. Our clippings from various newspapers pile up daily and we confess that we find ourselves at a loss when it comes to reading the Swedish, Norwegian and Swiss versions of the Donner

Trail cross country ski race.

To the state chamber of commerce meeting in Sacramento went Jack Woodard and Jergen (Red) Vind, who both came back reporting that a good meeting was held in the travel and recreation committee room.

Visitors to the area this past weekend included former resident, Mrs. Lempi Aro, who visited with Edvi and Betty Aro for a few days. Our guest, Ellen Flynn brought a bevy of Sacramento beauties to visit us for the weekend. Chatted with Lee Peroni for a while Sunday and Lee feels spring in the air to the extent that he told us of his forthcoming marriage. Don't know whether or not we are permitted to let the cat out of the sack as yet but the gal is a local one. So cross Lee off the list of skiing bachelors. An invitation from Sacramento tells of the forthcoming nuptials of charming, blonde Peggy Crampton. Peggy, loved by one and all since she first entered grammar school in the old school house over the tracks at Norden, will become Mrs. George William Liddicoatt Sunday, April 6, at 5 p.m. at the First Methodist Church in North Sacramento.

We write as snow shovelers try to again clear our store room roof of the ice that makes it sway and buckle. The little house in back of George Rudolf's big mountain home gave up the ghost last week and sagged weakly to its knees. Reports from Rainbow territory say that Rainbow Garage threw part of its bulk in the river so the garage is closed for repair. Constant shoveling has kept most of the houses intact in the area but a great source of worry have been the Coppels' Edelweiss cabins at Norden. Ed Coppel, who broke a vertebrae in his industrious shoveling, has to stand idly by whilst neighbors continue to shovel and dig out his cabins. Roy Thompson, who has resided on the highway since he and Jess

were brought out from The Cedars by dog team several weeks ago, takes snow shovelers back into The Cedars to remove the tons of snow from those cabins ten miles in the back country. A recent trip back into The Cedars by Roy on snowshoes found the steel bridge over the American River downed by the heavy snows.

Pathe News cameramen report that their recent movies on the Donner area during the last heavy snow were being shown this week in Reno and will be shown at Colfax on April 15 and 16. They happened to be on the spot when the Mallory home went up in flames, so the Mallorys journeyed to Reno Monday evening to get a last look at their little lost mountain cottage. Bea Mallory and the children entered the theater but Papa Bill decided that the memory of the fire that wiped them out was enough for him, so he sat in the car until that part of the show was over. The Mallorys, temporarily residing at the Ralph Rowton establishment, are looking for a new home. If you have any ideas, let them know, will you?

Marjorie and Larry Rowton spent the weekend with Goldie and Ralph Rowton. Larry, still at student at Stanford, is maintaining his high scholastic record. Muriel and Dennis Jones, Lee and June Forster hit the hill last Saturday with their customary gusto and made a quick call on all of their many mountain friends. Bill and Rita Vail are in Texas, Bill called back into the Navy. Next stop, San Diego. Mrs. Virgil Jones visits her daughter, Adele, at Port Angeles, Washington.

Sugar Bowl's first and second ski teams placed in that order Sunday to shut out all opposition in The Sacramento Bee slalom trophy races. Fastest time in the sixth annual event was posted by Bob Burns, who zipped through the control gates in 50 seconds. He represented Yuba-Sutter Ski Club. Nancy Ford of Sugar Bowl No. 2 team topped all female entrants in 56.3 seconds. Third place team-wise was taken by the junior ski team of Donner Summit.

We leave now to take pictures of pretty Irma Naus, our chosen Donner Trail Memorial Race queen and hostess.

### McIVER

(Continued from Page 1) his candidacy, McIVER issued the following statement.

"My chief concern, if elected to this office, would be to fight for honest and efficient government in general along with several other considerations that pertain to Truckee and its surrounding area.

"In the first place, by far the majority of my time would be devoted to active work in county government. It is not possible to do the job right without regular attendance at board meetings. The position requires the constant study that I am prepared to give it.

"Many years of experience in road construction, maintenance and snow removal have convinced me that vast improvements can be made in those lines in this area. As working foreman here for the Fifth District for four years, I have detailed knowledge of the road problems, what must be done to improve them and how to go about it. To build and care for roads, a man must know the practical side, financing, mechanics and what can be done with the funds available.

"Snow removal, one of this region's biggest headaches especially on the laterals, can be done properly if the supervisor has the willingness and knowledge.

"Every dollar of taxpayer's money spent in the area should get a dollar's worth of work done or represent full value in equipment. In order to this, the public officials must accept competitive bids from reputable dealers.

"As a member of the Nevada County grand jury, I have first hand knowledge of several possibilities for greater economy. I would consider it my duty to reduce unnecessary expenditures wherever possible. This duty also has proved to me that several inequalities must be eliminated in favor of the citizen taxpayer.

"Another of my contentions is that government should not compete with private enterprise. I favor completely the capitalistic system which has made this country the greatest in the world.

"The support of voters in the Fifth District will be much appreciated at the June 3 primary election. If I am chosen as the district's representative in county government, I expect to battle for the area on every count."

# JOE JINKS

# Tarzan

by EDGAR RICE BURROUGHS

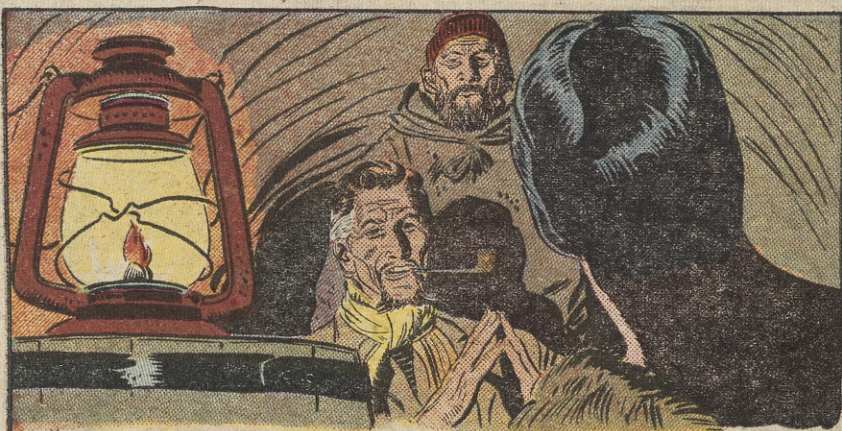

ALTHOUGH HE NARROWLY ESCAPED THE MONSTER'S FURY, TARZAN'S SAFETY WAS AGAIN JEOPARDIZED BY A TRIO OF MYSTERIOUS WHITE MEN CLAD IN ARCTIC GARB!

WHEN THEY HAD REACHED A HIDDEN CAVE, THE LEADER GRINNED. "MY NAME IS JORGE DURANA. MY BUSINESS, SENOR, IS A SECRET... BUT THAT CREATURE IN THE SNOW-- HA!"

"HAVE YOU HEARD OF SUSPENDED ANIMATION? IT IS A THEORY WHEREBY THE VITAL FUNCTIONS CAN BE STOPPED, BUT KEPT INTACT-- FREEZING, FOR EXAMPLE."

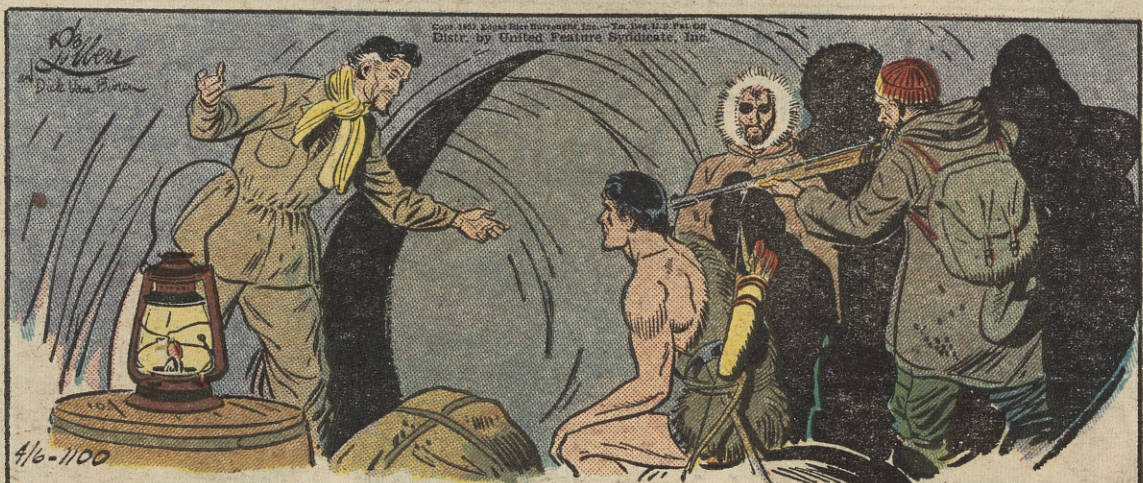

"THAT BEAST YOU SAW IS A WOOLLY MAMMOTH," CONTINUED THE SPANIARD, "PREHISTORIC ANCESTOR TO THE ELEPHANT. BY A STRANGE PHENOMENON IT WAS FROZEN DURING THE ICE AGE AND PRESERVED."

"BUT HOW--" ASKED TARZAN. "AHA!" CRIED JORGE. "MT. LUNYA, DORMANT FOR CENTURIES, HAS RECENTLY ERUPTED. DURING ONE EXPLOSIVE MOMENT THE BRUTE THAWED!"

"NOW IT MUST EAT, SO IT DESCENDS TO THE FERTILE SLOPES OF THE ZUNCA VILLAGE. THE INDIANS ARE TERRIFIED-- AND WHEN THEY ARE FINALLY SCARED AWAY, MY PLANS CAN BE REALIZED!"

JORGE SMILED CRUELLY. "NOR WILL YOU INTERFERE, SENOR-- CONSEQUENTLY, SINCE THE BEAST IS SO FASCINATING, YOU WILL MEET IT-- UNARMED!"
